Title: “Arranging various Programmes for Girl Students”

The vision of the institute is “To educate and enable youth, enhance the dignity and progress of the society as well as the nation”. Most of the students taking admission in the college mainly belong to socially and economically backward classes. The case is even saddening in the case of girl students. Hence, ‘the upliftment of girl students’ is a prime concern of the institute. Hence, it was resolved in the IQAC meeting to plan and conduct various activities for the empowerment of girl students and to promote them with equal opportunities. Teachers informally and orally communicate with parents and counsel them about the importance of education and request them to continue with their higher education. To empower them with equal opportunities the institute carried out different activities through NSS, Student Welfare Department, *Yuvati Sabha* etc for the empowerment.

Our college vision goes....enable girl students to enhance the dignity and self-progress.

To support the Institute identified the trust in the backward and rural area of Education socially and priority is given to upliftment of this younger mainly in the girl's students by keeping the view our effort maximum student came from SC, ST, VJ/NT and OBC categories. The educational awareness is low for that to motivate them we go village to village for to meet and counselling the parents of specially girl student and explain to the importance of education they are made aware of all scholarships scheme. Apart from subject knowledge for student the NSS and social welfare cell is a platform to develop themselves.

Objective:

- To conduct various activities for the empowerment of girl students.
- To promote them with equal opportunities.
- The basic aim is to develop an awareness and sensitivity towards Gender and women issues.
