Venue	Department of Zoology
Resource Person	Dr. R. T. Chaudhari, Dr. S. D. Chate & Dr. S. K. Thorat,
Organized by	Department of Zoology
No. of Participants	47

A Brief Report

Department of Zoology organized World Mosquito Day, The female anophelein mosquitos transmit malaria between humans. Prior to the discovery of the transmitting organism vector there were few means for controlling the spread of the disease. According to survey nearly half the world population was at significant risk from malaria in the 19th century with a 10% mortality among those infected. The mosquito day celebrations was inspired by a honouring Ronald Ross. The importance of this day to public education on how to prevent mosquito breeding and the spread of disease and awareness about these disease and their dangers.
